1. Une condamnation, une peine, une sentence
2. Une phrase

Les verbes à particules adverbiale:

Certains verbes sont suivis d'une particule adverbiale qui en modifie le sens. Ils sont utilisés très couramment en anglais. Cette particule est généralement placée juste après le verbe dans la phrase, mais un complément d'objet direct peut éventuellement être intercalé entre elle et le verbe (et doit l'être si c'est un pronom).

Il est bien nécessaire de faire attention à cette particule, car elle peut totalement changer le sens du verbe.

Les verbes prépositionnels :

Les verbes prépositionnels sont des verbes appelant un complément d'objet indirect, c'est-à-dire introduit par une préposition. Cette préposition n'est pas dans ce cas une particule adverbiale, dans la mesure où elle ne modifie pas le sens du verbe.

Ici, come through : come= venir / through= à travers/ come through= faire le nécessaire

Keep on : keep = garder / on= sur/ keep on = persister pour faire quelque chose
